A quick guide to use Easy Chair conference management system

All users need to create an Easy Chair account. After following the submission link provided on ESARDA website, you will be directed to Easy Chair (EC) website. Link for creating account is provided on EC website (look for "If you do not have an EasyChair account or have problems to log in then click here." at the bottom).

Warning: After registration, if no instruction email sent to your university email after 1-2 minutes, your email server may block or queue EC emails. You may need to use your Gmail or Yahoo email instead.

How to submit your abstract? (for author)

1. Login to ESARDA 2013 Symposium submission page provided by EC (ESARDA-SYMP-2013).
2. Click on "New Submission" link on top of the screen.
   - You can fill "N/A" on the text box that is irrelevant to you (such as "Fax").
   - At least one author and two keywords are required.
   - If your abstract is plain-text, fill in the abstract text box, and also click on "Abstract only" in the Paper upload
   - If your abstract contains formulae that cannot be displayed as plain text (or you want it to be well formatted, etc.), please write some note in the Abstract (at least two lines), and upload your true abstract in the Paper upload box.
4. Click on "Submit Paper" button.
5. Submitted abstract can be modified later by logging-in and click on "My submissions". The menu on the right will assist you with submission modification.
