Opportunities to Exhibit

Why exhibit?

The ESARDA Symposium will provide three full days of company visibility in a dedicated exhibition room. It will offer companies the opportunity to meet with a dedicated and focussed audience of safeguards specialists covering policy through to industry practitioners. The exhibition area is located next to the main conference room where the refreshment and lunch breaks will take place thus providing a committed group of spectators.

There is further potential for innovative technology demonstrations to be incorporated into the programme. If you wish to explore this option further please get in touch with:
