

ESARDA Symposium 2017

European Safeguards Research & Development Association

39th Annual Meeting 15-18 May 2017, Jülich/Düsseldorf (DE)

JÜLICH
FORSCHUNGSZENTRUM

ESARDA Symposium 2017 | 39th Annual Meeting | 15-18 May 2017, Jülich/Düsseldorf

Institute of Energy and Climate Research
IEK-6 | Nuclear Waste Management

The ESARDA Symposium is an opportunity for research organisations, safeguards authorities and nuclear plant operators to exchange information on new aspects of international safeguards and nonproliferation, as well as recent developments in nuclear safeguards and non-proliferation related research activities and their implications for the safeguards community.

Topics

Safeguards Concepts and Implementation

- EURATOM and IAEA safeguards
- Concepts, methods and techniques for safeguarding new facility types
- Emerging non-proliferation issues

Control Measures

- Nuclear safeguards, safety and security
- Export control of dual-use goods
- Nuclear security and border monitoring

Technologies

- Measurement techniques and standards
- Containment and surveillance
- Integrated measurement and monitoring systems
- Novel approaches and synergies with other verification regimes

Safeguards-Relevant Information

- Materials control and accounting, auditing and information systems
- Safeguards-relevant information collection and management

Human Factors

- Knowledge management, education and training

Venue

The ESARDA Symposium 2017 will be held at the Meliä Düsseldorf, Germany from 16-18 May 2017. The Symposium will be preceded by meetings of the ESARDA Steering Committee and the Working Groups at Forschungszentrum Jülich, Germany on Monday, 15 May 2017.
